[TLC] (Jermaine Dupri)  
Switch (check it)  
Switch (TLC, I like that)  
Switch (turn it up)  
Switch (aight)

[T-Boz]  
I ain't one to be questioned  
About who and where I've been  
I ain't one to be questioned  
About what time I came in  
Tryna squeeze, baby please  
Hit the road and don't come back  
'Cause I can't trust a relationship  
With no trust and that's a fact

1 - [TLC]  
Switch  
Don't take no mess from nobody  
Switch  
If they act up just leave 'em alone  
Switch  
Don't take no mess from nobody  
Switch  
When you're done wit 'em you can send 'em home

[T-Boz]  
I won't answer to no one  
Until I feel I'm ready to  
I'm gonna have my fun  
Doin' the things I like to do  
See, I need space, get off my case  
Stop breathin' down my back  
'Cause we ain't got a relationship  
If that's how you have to act

[Chilli]  
Commitment, true devotion  
Right now is not the way for you to come at me  
When I need it, I'm sure you'll be the first to know  
But for now, in my plans, no demands

I'm gonna have to make a switch

[Left Eye]

Switch, throw his behind in a ditch  
While my definition states, as it relates  
To us mates, one elimintaes  
And solely contemplates and de associates  
Like my neew drink was V-8's  
Just as quick as I get in it  
I drop 'em in a minute  
Like the dollas in my pocket, Speedy Gonzales  
Couldn't stop the way I spin it  
I'm known for breakin' every speed limit  
This switch could be infinite  
I said L to da E to da F to da T to da E to the Y  
Because I'm so fly  
Bring it back to the E  
So come and see me  
At the hotel, motel, Holiday Inn (say what?)  
I said if your man starts actin' up  
Switch and take his friend  
Erase, replace, embrace new face, come on  
Erase, replace, embrace new face

Repeat 1 to fade
