Oohhh... Yeah yeaaah
Your love... love... love

Lonely days and lonely nights, with you on my mind,
Since you walked out my life, Oh yeahhhh
All I do is think of you, and the things we used to do
babe (Oohhh!)

Cause your love, love won't set me free,
Your love, love just keep assaulting me
Your love, love won't let me be, girl your love... your
love

Although I try to move on,
still can't believe your gone, Yooooouur... your gone
Tell me where did we go wrong, why am I singing this
song
Why are my feelings so strong

Cause your love, love won't set me free,
Cause Your love, love just keep assaulting me
Cause Your love, love won't let me be, girl your love...
your love

(Ooh) All the pain that we been through, (Ooh Ooh) I
should be over you,
(Ooh) Baby you know I meant to try, to erase the past,
Make it last, give it one more chance

Cause your love, love won't set me free,
Cause Your love, love just keep assaulting me
Cause Your love, love won't let me be, girl your love...
your love

Cause your love, love won't set me free,
Cause Your love, love just keep assaulting me
Cause Your love, love won't let me be, girl your love...
your love

Your love... your love won't set me free
Your love... your love keep assaulting me

Your love... your love won't let me be, girl your love...
your love
