nocturne by Karmadelaluna

Trees are shadows

Dark in the night

And the wind is whispering into my mind

Stars are shining

Shining so bright

The fire burning , giving me light

And the moon is looking down from the sky

A wondering star is passing by

I make a wish and I'm tripping

Tripping and dreaming away

Night has fallen

Down on the ground

And I listen softly , hear the sound

Flames are dancing

Mad in the night

The earth is breathing , giving me life
