the rumble by Karmadelaluna

Can you feel it coming
From the earth it's coming
From the sky it's falling
Down on the ground
And listen to the sound

From below from above
Through the walls , through the floor
From deep down in the drain
Deep down in the drain
It's coming
Like a rumble , like a rumble

From below from above
Through the walls , through the floor
From deep down in the drain
Deep down in the drain
It's coming
If you try to run you'll stumble
