For whom there crows  
Spies over fields of rice  
Of water lotus stream  
A plant with dew

I will bring for you  
Little lovely dream  
A little lovely dream

Dear eyes good night, in a golden light  
The stars around you will bleed

For you I will press, soft caress

Little lovely dream

Sweet sweet shut your eyes  
The wild fireflies  
The wild fireflies dancing  
Through the fairy name

Straight from the poppy bowl  
It was for you I stole  
And just for you I stole  
A still little lovely dream

Hush demon baby  
Your time will soon come  
Your sleep will be broken  
By temper tantrum

Hush demon darlin'  
Rest while you may  
For strife comes a living  
And working with the day

Sleep mamma dearest  
The tear upon my heart

Sleep, sleep my darling  
Sleep, sleep sleep on  
Sleep, sleep my darling

Sleep, sleep, sleep on

I have brought for you  
A little lovely dream  
A little lovely dream

When dawn lights the skies  
Open my eyes
