Them scumbags, them fag hags  
Short eyes, dope dealers  
Drive-bys, faith healers

I'll be there, far away  
I'm floating above it all, be there  
I'll be there, far away  
I'll be there for you

I'll prove the holy road leads  
To the snake charmers, the shoe hangers  
I'll show you Sunday strollers too  
The gang bangers, spirit channelers

I wanna be the one for you  
I'll be the one, I bought a gun  
I wanna be the crowning jewel  
Too bad they won't believe me son

I'll be there floating above it all  
I'll be there flaming, waiting for you
