I can almost touch you now

flying above the clouds

in a big ol' plane

I can't wait to hold you and see you again

tell you where I've been

I can almost kiss you now

when I close my eyes I feel your

lips on mine

it's so hard to fight what I

feel inside, for you

Gotta get back do I do

Gotta get back do I do I do

Gotta get back do I do

Butterflies take control me

why's this airplane go so slowly

Flutter faster take me home to you

I can almost see you now

is my imagination foolin' me somehow

flying through the lining of a silver cloud

I'm gettin' closer now

I can almost hear you now

oooh saying you love me

like you know how

I wish this plane would just reach down and

touch the ground

I swear I see you now
