"Sorry Agin"

In this serious debate i'm,
Caught low and disarmed,
And I never mean to make you cry,
But this smoke rings alarms.
'Cause I would walk straight into the thunder,
Just to prove that I am still a man,
In this serious debate i'm,
Well i'm sorry again.
Yeah, you're just the same the likes of you,
Oh i've set it off again now,
Maybe my mistake for judging you,
Maybe now i'll say i'm wrong.
Yeah, 'cause I would walk straight into the thunder,
Just to prove that I am still a man,
In this serious debate i'm,
Well i'm sorry again,
Well i'm sorry again,
Well i'm sorry again,
You wait and you wait and wait....
