[Intro: Lyrics Born (Joyo Velarde)]

Girl I got you good now...

You ain't goin' nowhere...

Hehehe

(Ooohhoohhhhoohh)

(Ooohhoohhhhoohh)

(Ooohhoohhhhoohh)

(Ooohhoohhhhoohh)

(oooohhh, oooohhh)

(aaaahhh, aaaahhh)

[Verse One: Lyrics Born]

Girl, I know that look when I see it

I know that I can make it work girl, believe it

There's big things 'bout to happen to you now, just
release it

I'm like a hunter that searches for your finest weakness
(Listen!)

'Cause I take my time, and I bait the line

Then I creep like a lion, 'till the prey is mine

Can ya taste it?

They way I slip it and give it to you little by little

And minute by minute 'till it's mixed in your system like
venomous liquid

It gets so addicted, you're feeling so twisted

You can't live without a hit of it... I'm so wicked

Live it

[Chorus: Joyo Velarde]

Fiendin', schemin', stealin'

Losing it oveeeeeerrrr youuuu

I've been cryin', lyin'

Doin' it all foooooorrr youuuu

Schemin', pleadin', theivin'

Losing it oveeeeeerrrr youuuu

I do it over and over and over and over and over
againnn

I do it over and over and over and over and over
againnn

I don't, know who, I am, anymore, anymore,

anymorrree
I don't, know who, I am, anymore, anymore,
anymorrree

[Verse Two: Lyrics Born]

I'm flowin', through your veins
And I'm floatin', through your dreams
Holdin', like a leash
And I won't let, you release
I'm always, on your brain
In the mornin', you awake
'Till the moment, you're asleep
I'm holdin', all the strings
You're acting so beside yourself
You know you're fat like (?) can't even recognize you
girl
I can't believe you let me in your life
And you can't believe you're so hypnotised
You do anything, say anything, prove anything, praise
anything
Sell anything, give anything, steal anything, risk
anything
Kill anything, bank anything, anything that the women
do for me
(dendendendennn) (Wrap it up!)

[Chorus: Joyo Velarde]

Fiendin', schemin', stealin'
Losing it oveeeeeerrrrr youuuu
I've been cryin', lyin'
Doin' it all foooooorrrr youuuu
Schemin', pleadin', theivin'
Losing it oveeeeeerrrrr youuuu
I do it over and over and over and over and over
againnn
I do it over and over and over and over and over
againnn

I don't, know who, I am, anymore, anymore,
anymorrree
I don't, know who, I am, anymore, anymore,
anymorrree
I don't, know who, I am, anymore, anymore,
anymorrree
I don't, know who, I am, anymore, anymore,
anymorrree
I don't, know who, I am, anymore, anymore,
anymorrree
