And you don't want to lose yourself to Jenny,  
You know that she will ask you all you've got  
Afraid that she is worth every penny  
Afraid that she will drink until you drop

And even though your hands are shaking  
To you it really means a lot  
It's possible that you could be mistaking  
But you're also nervous that you're not

Now I know you don't like to be laughed at  
And I can see your eyes are getting wet  
But I want you to hold your tears back  
We've got time to worry when we're dead

I will shut the lid on my eight track  
Knowing that it isn't over yet  
And I will leave an address for contact  
For if you feel you're in over your head

Cause you don't want to lose yourself to Jenny  
And you know she will ask you all you've got  
Afraid that she is worth every penny  
Afraid that she will drink until you drop

And even though your hands are shaking  
To you it really means a lot  
It's possible that you could be mistaking  
But you're also nervous that you're not

Cause you don't want to lose yourself to Jenny  
And you know she will ask you all you've got  
Afraid that she is worth every penny  
Afraid that she will drink until you drop

Cause you don't want to lose yourself to Jenny  
And you know she will ask you all you've got  
Afraid that she is worth every penny  
Afraid that she will drink until you drop

And even though your hands are shaking

To you it really means a lot  
It's possible that you could be mistaking  
But you're also nervous that you're not
