Do you know where you are?
What to do and where you're going?
People stop and stare at me,
Telling who to be, no you need me more.

Why you need all you find,
To someone else is just another.
Something died inside of me,
Now we will never leave.
You know you need me more.
Wooh ooh...

There is a war coming
There is a war coming
There is a war coming
There is a war coming

Do you know where you are?
It saves the rest of us from knowin'
I cannot say that I'm surprised,
But I don't think you'll die.
No, you need me more
Wooh ooh...

There is a war coming
There is a war coming
There is a war coming
(You got to save yourself)
(Save yourself)
(Save yourself)
There is a war coming
(Save)

There is a war coming
There is a war coming
There is a war coming
(You got to save yourself)
(Save yourself)
(Save yourself)
There is a war coming
(Save)
