You said just one kiss, couldn't be much harm in it  
And I thought what could really happen  
But it went way too far, from your lips to my heart  
Last thing I want to do is scare you

Much too soon, much too fast,  
And I know this might sound crazy  
But I can't hold back the love  
I feel inside for you

Please don't run from my heart,  
Don't take away this dream  
That's just come true and  
I'm sorry but I love you

If you'd asked me yesterday,  
If someone could feel this way,  
I'd looked at you and probably laughed  
What kind of world is this,  
That changes with one kiss,  
Who is this stranger standing in my shoes

Much too soon, much too fast,  
And I know this might sound crazy  
But I can't hold back the love  
I feel inside for you

Please don't run from my heart,  
Don't take away this dream  
That's just come true and  
I'm sorry but I love you

The silence here is deafening,  
I'm waiting and I'm wondering  
Was it too soon or too fast,  
And I know that this might sound crazy,  
But I can't hold back the love  
I feel inside for you

Please don't run from my heart,  
Don't take away this dream

That's just come true  
And I'm sorry but I love you.

Don't make me sorry that I love you...
