Makes no difference now what kind of life they hand  
me  
I'll get along without you now that's plain to see  
I don't care what happens next for I'll get by somehow  
I don't worry cause it makes no difference now  
It was just a year ago when I first met you  
I learned to love you and I thought you'd love me too  
There was something had to happen and it happened  
somehow  
I don't worry cause it makes no difference now  
[ guitar ]  
Now that we have really parted I can't believe we're  
through  
I don't blame myself and I'm sure I can't blame you  
There was something had to happen and it happened  
somehow  
I don't worry cause it makes no difference now  
After all it's said and done I'll soon forget you  
Although I know that it will be so hard to do  
Let things happen as they will and I'll get by somehow  
I don't worry cause it makes no difference now
