Intro]

Hehah yeah...yeah...yeah...yeah...come on

[Chorus]

I can't make a mistake  
Missing the dancefloor shake  
I gotta get to the floor I gotta get to the floor  
(2x)

[MC Lyte]

Romancing in the dark I spark the light  
It's alright tonight I gotta get the mic  
As I smoke the crowd I spike red eye  
Crippin' them Heinekens they don't know where they  
been  
Baby got backseat rollin' like Tandy  
But you look for good luck, swing in the Expo G  
I mean no harm, but that lucky jog  
You need to ditch it quik, get with the Brooklyn bomb  
I be, we be, pumpin' the spot G  
Wherever we be, we hit directly  
It's been so long, we gotta get it on  
To this song, my song, now sing along come on

[Chorus]

[MC Lyte]

Come here, let's rap 'n taste a little  
Floor's too high, not to jiggle in the middle of tender ??  
Celfone, all chrome, ???, come home we double  
chrome  
But I can't make a mistake, hmmm  
Leave the dancefloor now (uhn uhn, no no)  
I'm on this somethin', he bubble in the sugar baby  
Shoulda, woulda, coulda, that ain't need baby  
When I step into ya Miss Rock-y (?) frame  
I change the game, it'll never look the same

Upstruced, abstracted, my tactic, fantastic  
It's been so long, we gotta get it on  
To this song, my song, now sing along come on  
I can't make a mistake, I can't make a mistake

[Chorus]

[MC Lyte]

Yeah...here he come, lookin' like he 21  
Knowing damn well, he too could get done  
But he got a partner, and that ain't too hard to fix  
Once I slide up in the mix  
Suggin' it baby, from right to left  
Jigged out, gotta pick ya out from what's left  
It's no mistery, the way ya humpin' and bumpin'  
No what you comin' home with me?  
I'm-gon'-get-some-satisfaction  
The way you comin' at me with the action  
You betta know it, when ya dealing with the poet  
Whatever crap you got, you betta show it  
It's been so long, we gotta get it on  
To this song, my song, now sing along come on  
I can't make a mistake, I can't make a mistake

[Chorus]
