Welcome to the dark carnival
Violent J, Shaggy2dope, the Insane Clown Posse will
live forever
(Live forever) join us (live forever) follow me (live
forever)
carnival awaits us (live forever)
Take my hand (live forever) take my hand (live forever)
Shangra La (live forever) live forever (live forever)

Here go another clown song freaky and weird
I'm still preachin' I'm like Noah without the beard
I'm tryin'a spread the facts that I know for sure
Yet many don't believe in our carnival freakshow
It's alright though there's enough who do
And only time will tell if our stories are true
But for everybody here I can promise you this (What?)
You'll never hear us rap about the typical bullshit
Bling bling all the money they got
All the ice they wear and all the people they shot
(Wohoo)
All the freaks they pull and all the cars they drive
(Hehe)
Only we rap about fuckin' a bee-hive
You wanna keep it real walk out your door
That's as real as it gets from the sky to the floor (Uh-
Huh)
But the Dark Carnival will take your soul away
And give you mythical adventure in a magical way
I live for The Carnival
I die for The Carnival
I pray for The Carnival
Please take me away (take me away)
I love for The Carnival
I die for The Carnival
I pray for The Carnival
Come take me away take me away
Funhouse, freak shows and murder-go-rounds (wooo)
Fuck how you lookin' paint it up like a clown
Loosen up let it go you ain't gotta be tense
Faygo flyin' everywhere fuck makin' sense (wooo)
And that's the beauty of it look backstage

Ain't another group out here on the same page
Run with everybody or walk with our crew (Come on!)
And stand on the moon face the world and say fuck
you (Hahaha)
I ain't sitting out playing that star biz
Put me in the ground where my juggalos is (hey!)
Treat me special I'ma leave your lip drainin'
We in this together waitin' on the same wagon
Let 'em laugh now let 'em laugh for years (Hahaha)
We'll see who's laughin' in the house of mirrors
Cuz that's where I'm goin' and if you're not
Bump that other shit and hear about the ends they got
(hahaha)
I live for, The Carnival
I die for, The Carnival (Yea!)
I pray for, The Carnival (Yea!)
Come take me away (take me away)
I love for, The Carnival,
I die for, The Carnival,
I pray for, The Carnival...
Please take me away (take me away)
Live forever
Take My Hand
Live forever
Live forever
Come take a journey through heaven and hell
See what we have to come, and share the story I tell
(Ha!)
Walk hand-in-hand with the devil and God
'Let 'em pull you in half, pirk a ??? in his eye
Fuck newspapers, Fuck magazines (Fuck!)
Fuck A&Rs,, and your ball-huggin' jeans
Fuck anybody tryin' to change our ways
As long as 6 Joker Cards got somethin' to say (What?!)
I speak for the crazy I speak for scrubs
I speak for the thugs pissin' in your hot tubs (hehe)
I speak for the people that you always say don't know
how to act (Shit)
We like 'em just like that (Uh-huh)
Fuck your Grammy's
fuck your Music Awards
I strangle your host with his microphone cord
Fuck anybody who ain't down with the clown (Uh-uuh)
From now until millennium's after I'm dead in the
ground

(Chorus X4)

I live for, The Carnival,
I die for, The Carnival,
I pray for, The Carnival...
Come take me away, take me away
