### "What I'm Talking"

Visit "[What I'm Talking](#)" on [MotoLyrics.com](http://MotoLyrics.com)

[Hook: repeat 2X]

Come in the place and trip  
Thats what I'm talkin about  
Pour yourself a taste and sip  
Thats what I'm talkin' about  
Nigga don't waste the trip  
thats what I'm talikin' about  
I'ma try it, see if it fit  
Thats what I'm talkin about

Cherrywine taste nigga  
Thats what I'm talkin' about  
I go to the church and get my soul  
I go to my cousin and get my dough  
I go the mirror and get my love  
I go to my woman and ask for drugs  
Go to the office and earn my pay  
I go to my label and get my look  
I go to my momma ,she brings me home  
I go to the limit and keep on goin'  
I don't miss a beat  
Girls think I'm sweet, niggaz get the heat  
Thats what  
Thats what I'm talkin about

[Hook]

Go to my sound, enjoy my crown  
Go to my heart and trip on love  
Go to the pill and get my thrill  
Go to the devil, run up my bill  
I go to my mind, design my crime  
Go to my babies, 'cause that's the truth  
Go to my psalms, 'cause that's the bomb  
Go to my niggaz who play to win  
My sounds float the sky  
Girls think I'm shy, niggaz know I'm high  
Thats what  
Thats what I'm talkin about

[Hook]

Champagne buzz so your mind is soft  
Getting' all the bitches, how much that cost?  
Floss, but your talent don't balance  
Get so far from how fresh we are  
Got sex appeal, mass appeal, drug appeal  
Guns, guns, guns, for rea/l  
Hoes do it for the cash  
Might be a good crook  
But your back is trash  
Love one, let me do it  
Get the niggaz up to it  
Bring the ladies back into it  
I tell you something different  
Build a new song, drive it down your block  
Now that's pimpin'

[Hook] w/ ad libs

Yeah we whippin up

Crowds around  
Blow the sound, let it pour  
Get your throne, hold your own  
Put a little pressure, you'll see who's grown  
Diamond thoughts, hearts of dough  
Pimp shades, Couintreau  
Roll your dice man, you never know

[Hook]
