I'm crying my heart out
She made me feel bad
All the sad songs makes me feel bad
Chrous
Crying my name out I'm so sorry
I would sing my heart out
She's Crying make her stop

Bridge
I'm not crying because of you
She added my part please don't cuss me out
All I want to know stop crying out my part
Getting ahead of you girl I wanna know
that you are crying out

Stay whatever you are I'm not crying
to you you're not alone call me tonight
Hey Girl stop crying I'll be alright
