I got a feeling my suspicions are right on
I got a feeling you're gone
I got a feeling that I'm just in the way
I got a feeling
I got a feeling that I'm waiting by the telephone
You said that you would call
Three weeks is really not that long

I got a feeling
That you and I were never meant to be
And I got a feeling
I got a feeling that you're gone

I got a feeling your intentions were way off
I think you led me on
You had me believing we'd be together forever
I got a feeling
I got a feeling when you didn't say a word to me
Or look me in the eye
I knew that something wasn't right

I got a feeling
That you and I were never meant to be
And I got a feeling
I got a feeling that you're gone

I got a feeling my suspicions are right on
I got a feeling you're gone

I got a feeling
I got a feeling that you're gone

I got a feeling
That you and I were never meant to be
And I got a feeling
I got a feeling that you're gone
