Today, was gonna be the day  
That everything came together  
But somehow it wasn't the case  
And I can't count how many times  
That I felt like forever  
Was how long that I'd have to wait  
On You, with You, somehow I think I hear You

I can't change, all of my circumstances  
To what I'd want them to be  
But somewhere in all of the madness  
All You wanted to change... was me

So tomorrow, if every single dream  
That I've ever had  
Somehow doesn't come true  
I know, I'm right where You want me... to be  
Right here, ooh-oh, with You, near You  
Somehow I know I hear You

I can't change, all of my circumstances  
To what I'd want them to be  
But somewhere in all of the madness  
All You wanted to change... was me

Oh, that I could be just a little bit closer  
And You could be just a little more real  
And I could keep on keepin' on  
No matter how I feel

I can't change, all of my circumstances  
To what I'd want them to be  
But somewhere in all of the madness  
All You wanted to change...

I can't change, all of my circumstances  
To what I'd want them to be  
But somewhere in all of the madness  
All You wanted to change... was me,  
Yeah, yeah, yeah, yeah
