Bye bye bluebird, Bye bye bluebird

You were lots of fun to know

But I have to let you go

Bye bye bluebird

You're the flyin' saucer kind

In and out and hard to find

Bye bye bluebird

Bye bye bluebird

When you came I flipped my lid

I never thought I'd lose you kid

Though we were a perfect pair

it was a flight-by-night affair

Bye bye bluebird

Bye bye bluebird

Bye bye bluebird

Bye bye bluebird

Oh I should have clipped your wings

I'm not gonna do these things

Bye bye bluebird

Bye bye bluebird

If you ever should be near

Don't forget to drop in here

Bye bye bluebird

Bye bye bluebird

Call me when you short of dough

Or maybe just to say hello

No hard feelings anyway

It's nice to know we had our way

Bye bye bluebird

Bye bye bluebird

Bye bye bluebird

Bye bye bluebird
