I like the way you call my name
It sounds so nice
I could never explain
I like the way you hold my hand
It lets me know that you understand

I like the way you wanna kiss me
And I like the way you always miss me
I like the way
(I like the way)
I like the way you come around
To cheer me up whenever I'm down

I like the way you make me feel
The love we have is so very real
I like the way we kiss goodnight
It feels so good when you're holding me tight
