I see you standing in the alleys and the hallways
Wait a second, you're gone now
I run to touch you but you vanish through the doorway
And oh, how hard it is to live without you

I love everything about you
Now I know you're really gone
But my imagination is so strong
That I see you coming into view

And your face is telling me that you
Oh yeah oh, want to be by my side
Oh yeah oh, now it's finally time
Wait a second

Mirage, that's all you are to me
Mirage, something I only see

So I keep walking through the alleys
And the hallways where are you
I keep remembering the kissing
In the doorways, the car too
How it all comes back to me

The movies every Saturday
The place we used to go to eat
I want so much to have it like it used to be
That I see you coming into view

And your face is telling me that you
Oh yeah oh, want to be by my side
Oh yeah oh, now it's finally time
Here it comes again

Mirage, that's all you are to me
Mirage, something I only see

Just a mirage, that's all you are to me
Just a mirage, something that I only see

Just a mirage, that's all you are to me
Just a mirage, something that I only see
