"Thoughts of Stones"

Thoughts of stones aren't make believe
They dot the landscape and paint a scene
Retell the tale of time itself
They dont ask much questions or need your help

So far, so good, so much

Hear the voices echoing in the sea
Begging you to just let them be
You tore down the peace to build a fight
Saw half the species die that night

So far, so good, so much

It's too bad the world values greed
Above nature or the trees
Forests turned to toothpicks and
Monoliths rise from the sand

So far, so good, so much
