I saw you move
Moving on the dance-floor
I really like
I like what I saw
In time I'm yours
Anyway you want me
Isn't it time you're the one
I've been looking for

You cast your spell
Magic running through me
The music plays
I'm in heaven boy
I've got what you want
I am the girl for you
No time to lose

Do it, do it, do it to me baby
Do it, do it, do it to me baby

If you wanna
Right the rumble with me babe
All through the night
If you wanna
Right the rumble with me babe
All through the night
If you wanna
(Keep it comin')
If you wanna
(Keep it comin')
(Keep it comin')
(Keep it comin')

Come on to me
Take me home tonight
Ain't nothing wrong

It could feel alright
Let smooth control
Turn it inside out
We could be getting it on
'Til the morning light

Don't have no doubts
Take a chance on me
I'm ready boy
I may make you scream
I've got what you want
I am the girl for you
No time to lose

Do it, do it, do it to me baby
Do it, do it, do it to me baby

If you wanna
Right the rumble with me babe
All through the night

Do it, do it, do it to me baby

If you wanna
Right the rumble with me babe
All through the night
If you wanna
Right the rumble with me babe
All through the night
If you wanna
Right the rumble with me babe
All through the night
If you wanna
Right the rumble with me babe
All through the night
If you wanna
(Keep it comin')
(Keep it comin')
(Keep it comin')

If you wanna
Right the rumble with me babe
All through the night
If you wanna
Right the rumble with me babe
All through the night
If you wanna
Right the rumble with me babe
All through the night

If you wanna

If you wanna
If you wanna

If you wanna
If you wanna
If you wanna
