I need money

I don't like these
Ideas but It's how a
Human keeps
The skin with life
Some years
Something green
Some bullshit created
For consume society
But you need it
What can you do?

I need money
You don't receive
Respect if you are
Not one of them
It's how human
Meet each other
Only people
With money
Till their shoulders
It's this life?
But I need it to survive

Walk and walk
But you'll
Never find
A solution
In this world ambition
Money for sex
Money for friends
Money for everything!
I'm tired of this
Fucking fantasy with no ending

I need money
You don't receive
Respect if you are
Not one of them
It's how human

Meet each other
Only people
With money
Till their shoulders
It's this life?
But I need it to survive

They'll only use money for dope
And getting drunk
High society people are the worst
Fuckin' crap in this coursed world*2
