Killer instinct

Tell me what you hear
I will say what you fear
Nobody walks alone
So fuck the injustice in this world

Killer instinct Killer instinct
Everyday die like none
Die die die killer instinct
Fuck you die bastard die

Say say confess I don't care
About what you say I'll kill you
Anyway soon you'll be in hell
Let go fucking dumb die
My gun

Killer instinct Killer instinct
Everyday die like none
Die die die killer instinct
Fuck you die bastard die

All the people and the shit(fuck off)
All the criminals they are free(fuck off)
Every message that is ignored(fuck off)
All the injustice in the world
FUCK OFF!

Killer instinct Killer instinct
Everyday die like none
Die die die killer instinct
Fuck you die bastard die
