Wanna kill a hippie

If peace and not
War are our goals
Why you smoke so
Much pot
If you want to
Make love
Why don't you fuck
With condoms
So you don't have sons

Wanna kill a hippie
With that simbol
And music of jingles
Think they'll get peace
But being like this
They'll get and
Only got shit

It was a 60 movement
But they just fucked and
Smoked drugs
Cause comercial bussiness
Took them to an image
And that was their illness
Want kill a hippie
For falling in the tramp
And not realizing of that

Wanna kill a hippie
With that simbol
And music of jingles
Think they'll get peace
But being like this
They'll get and
Only got shit
