Na, na, na, na, na, na, na, na, normal
Na, na, na, na, na, na, na, na, normal

Something's happening, happening here
Making all my logic disappear
I used to listen to what people say
Now, I'm living life my own way
Tear down all those defenses
Let's go forget, the consequences

In this world it's hard to be
H-h-hard to be normal
Always been hard for me
Na, na, na, na, normal

In this world it's hard to be
H-h-hard to be normal
Close to you, hard for me
Na, na, na, na, normal

When you whisper, whisper in my ear
I lose touch with little things like fear
I'll do anything, I'll go anywhere
I'll treat the rules, like they're not there
Tear down all those defenses
Let's go forget, the consequences

In this world it's hard to be
H-h-hard to be normal
Always been hard for me
Na, na, na, na, normal

In this world it's hard to be
H-h-hard to be normal
Close to you, hard for me
Na, na, na, na, normal

The world can end in a blinding light
So who cares what we do tonight
The world can end in a blinding light
So who cares what we do tonight

Are you normal? Who's normal, what's normal, who's normal?

Are you normal? Who's normal? Am I normal? Who's normal? Ooh

In this world it's hard to be
H-h-hard to be normal
Always been hard for me
Na, na, na, na, normal

In this world it's hard to be
H-h-hard to be normal
Close to you, hard for me
Na, na, na, na, normal

The world can end in a blinding light
So who cares what we do tonight
The world can end in a blinding light
So who cares what we do tonight

Always been hard for me
Na, na, na, na, normal

In this world it's hard to be
(Are you normal? Who's normal?)
H-h-hard to be normal
(What's normal, who's normal)

Close to you, hard for me
(Are you normal? Who's normal?)
Na, na, na, na, normal
(Am I normal? Who's normal?)

Na, na, na, na, na, na, na, na, normal
Na, na, na, na, na, na, na, na, normal
