(Written by Tommy Page)

I never thought I'd ever get this way
About anyone I'd ever met before
It's been so long since you left that day
You said that you were looking for something more
And as time goes on, I found someone new
But she can't compare
To the love I found in you

Chorus

And I, I still believe in you and me
And all the times we once shared
I, I know our love was meant to be
I still believe in you and me
I guess I should have shared with you

All the feelings, I've kept inside
I try to convince myself we're through
But in my eyes it shows, I just can't hide
Well how could you let, something beautiful die
I'll take you to heaven
If you'd just give me one more try
'Cause the memory's been worth
All the pain and the hurt
But these jaded thoughts can see
That I still believe in you and me
I know we can make it
If you'd just give me one more try
