When other hearts have come and gone  
Our love will still be going on  
'Cause I never felt this way about anyone before  
Just say the word and I will stay  
Holding on to you forever more because

I'm, I'm gonna love you  
I'm gonna love you till the end of time  
No, no one above you will love you till the end of time  
Till the end of time, till stars don't shine  
You'll be mine till the end of time

We'll be together, you and I  
Just hold my hand and close your eyes  
We were meant for one another, we're so much the  
same  
Just exactly like each other and that's the way  
We'll remain because

I'm, I'm gonna love you  
I'm gonna love you till the end of time  
No, no one above you will love you till the end of time  
Till the end of time, till stars don't shine  
You'll be mine till the end of time

If I could ride in a time machine  
To a million years from now  
When I'd land I'd find us there  
Still together somehow

Oh, I'm, I'm gonna love you  
I'm gonna love you till the end of time  
No, no one above you will love you till the end of time

Oh, I'm, I'm gonna love you  
I'm gonna love you till the end of time  
No, no one above you will love you till the end of time  
Till the end of time, till stars don't shine  
Will love you till the end of time  
No, no one above you will love you till the end of time

Love you till the end of time, love you till the end of

time

Till the end of time, till stars don't shine

Love you till the end of time, love you till the end of

time

Love you till the end of time, love you till the end of

time

Till the end of time, till stars don't shine

You'll be mine till the end of time

Love you till the end of time

Till the end of time, till stars don't shine

You'll be mine till the end of time
