#### VERSE 1:

Both excited  
Both in it for the chase  
My hands tied behind my back  
And a blindfold over your face  
Maybe I aint ready  
Maybe it's not our time  
Maybe we're Romeo and Juliet and the stars just aint  
aligned

#### CHANNEL:

But it's hard for me to edit  
The words when you've already said it  
Theirs just some things you can't take back

#### CHORUS:

A threesome between you and me and doubt  
But that's not what love is about, no  
Silence never been so loud  
If you could only see through my camera lens  
A picture of us being good friends, oh  
Two was big enough  
But three's a crowd

#### VERSE 2:

I loved you from the start  
Closed eyes, open heart  
We were designed for each other  
Apparently not  
To tell you the truth  
We've lost the joys of our youth  
But this aint working out  
At least not how I hoped it would

#### BRIDGE:

The river's run dry (x2)  
We can't reach the love on the other side  
We can't blame anyone else  
We're only cheating ourselves oh

The rivers run dry (x2)

The valleys low and the mountains high  
There's nothing left for us to do  
Because there's nothing left between me and you
