Here comes another girl band  
Fresh off the factory line  
I bet you've had enough  
I bet you've had enough

One brown, one blonde, one red-head  
We're perfectly designed  
I bet you've had enough  
I bet you've had enough

We're aimed at school girls, but we dress like sluts  
Without our make-up we look actually quite rough

Straight out of stage school, we're a wank bank fantasy  
I bet you've had enough  
I bet you've had enough

Like Spice Girls or Girls Aloud with less personality  
I bet you've had enough  
I bet you've had enough

You might think that we're ubiquitous  
But we know that you can't get enough of us

And all the girls will want to grow up just like me  
They'll never get enough  
They'll never get enough

Take all their clothes off just to get on the TV  
They'll never get enough  
They'll never get enough

You thought you'd had enough  
You'll never get enough

When you think enough's enough  
Just think about my muff

You'll never get enough  
You'll never get enough
