Do I annoy you?  
Do I vibrate in your mind?  
Am I too shouty?  
Am I too bouncy?  
Do you want me to die?

Do I talk shit here?  
Do I instill fear?  
Make your radio cry?  
Why don't you punch me?  
You can if you catch me  
And I'd like to see you try!

I taste just like grape jelly  
And these words don't make sense  
This song is microwave-ready  
It's not good for your health

I could be drowned, I could be screwed  
You could be violent and try  
To really hurt me, cut out my tongue  
Post it anywhere you like

I'll only keep moving  
I'll never stop grooving  
I'll make you mad to the core  
You'd better like me 'cause if you don't like me  
I'll just keep singing more

Just a crispy pork belly  
What does that even mean?  
My radio play is quite steady  
This song was made by machines

I could be cleaned  
Buy a new screen  
My internal process is flawed  
There's a wire split  
A short circuit  
In my mother board

I'm losing connection  
Got an erection  
It's an electrical fire  
Oh! Put it out!  
Jump, jump  
Jump, Britain  
Jump up and down  
Porridge!  
Bananas!  
Boris Johnson!
