

Tommy Roe "Come On"

Visit "[Come On](#)" on MotoLyrics.com

Come on, come on children now. Come on, sing to me
Come on, come on children let's shout until the break
of day

Come on, come on children now. Come on, sing to me
Come on, come on children let's sing and shout our
blues away

If you're broken hearted and you're burdened down
with sorrow

'Cause the world ain't treatin' you right
Well, listen to me brother, if we sing to one another
You'll go home feelin' better tonight

Come on, come on children now. Come on, sing to me
Come on, come on children let's shout until the break
of day

Repeat 2nd verse

Come on, come on children now. Come on, sing to me
Come on, come on children let's sing and shout our
blues away

Come on, come on children now. Come on, sing to me
Come on, come on children let's sing and shout our
blues
