Everybody, everybody, everybody's, had a broken  
heart now  
Everybody, everybody, everybody's, had the blues

Everybody, everybody, everybody's, blue when they're  
lonesome  
Everybody, everybody, everybody's, had the blues

One time or other everybody listen to me, you lose  
somebody you love  
But that's no reason for you to break down and cry

I said a hey, everybody, everybody, everybody's, had a  
lonely moment  
Everybody, everybody, everybody's, had the blues

One time or other everybody listen to me, you lose  
somebody you love  
That's no reason for you to break down and cry

I said a hey, everybody, everybody, everybody's, had a  
lonely moment  
Everybody, everybody, everybody's, had the blues

I said a hey, everybody, everybody  
Everybody's, blue when they're lonesome  
Everybody, everybody, everybody's, had the blues
