Johnny got no bread for dinner
Landlord straight outta Thriller
Jessie's girl is about to leave her
And my dude is a fucking cheater
Jenny's patience runnin' thinner
Backstabbed by her friend Katrina
If your life is tasting bitter
My boy Jack can make it sweeter
This that, this that, shake it, mix it up
If you wanna get numb, put some ice on it
This that, this that, shake it, mix it up
Pain, mix it up and drink it.

One shot for yesterday,
Two shots for misery,
Three shots them hating me,
Let's go oh oh, go oh oh
One shot if your friends are fake,
Two shots for the bad mistakes,
Three shots let's celebrate,
Let's go oh oh, go oh oh
Put it in my red cup,
Put it in my red cup,
Put it in my red cup,
Let's go oh oh, go oh oh
Put it in my red cup,
Put it in my red cup,
Put it in my red cup,
Let's go oh oh, go oh oh

You won't die if you're getting fired
Chin up, keep looking higher
Pour it up to start the fire
Go hard till you blow your tires
When you think you found a winner
But he's just another sinner
And his new girlfriend is thinner
Take tequila ta, ta, to kill her
This that, this that, shake it, mix it up
If you wanna get numb, put some ice on it
This that, this that, shake it, mix it up

Pain, mix it up and drink it.

One shot for yesterday,
Two shots for misery,
Three shots them hating me,
Let's go oh oh, go oh oh
One shot if your friends are fake,
Two shots for the bad mistakes,
Three shots let's celebrate,
Let's go oh oh, go oh oh
Put it in my red cup,
Put it in my red cup,
Put it in my red cup,
Let's go oh oh, go oh oh
Put it in my red cup,
Put it in my red cup,
Put it in my red cup,
Let's go oh oh, go oh oh

Shots up, tip your bottom up
Don't stop, break the levy
Shots up, tip your bottom up
Don't stop when life gets heavy
Shots up, tip your bottom up
Just rock, rock it steady
Shots up, get them in
It's your round
Watch all your enemies sink as we drown them

One shot for yesterday,
Two shots for misery,
Three shots them hating me,
Let's go oh oh, go oh oh
One shot if your friends are fake,
Two shots for the bad mistakes,
Three shots let's celebrate,
Let's go oh oh, go oh oh
Put it in my red cup,
Put it in my red cup,
Put it in my red cup,
Let's go oh oh, go oh oh
Put it in my red cup,
Put it in my red cup,
Put it in my red cup,
Let's go oh oh, go oh oh
