So high I can never come down there  
Boy, I don't wanna be with anybody else  
My mind, so gone, I'm blown so high  
I don't wanna touch the ground again  
Go to a place where nobody else is around  
And when I flow, when I flow with you on a cloud  
There's no coming down, down, down  
So high, high five  
Whenever we pass the moon  
Baby, all I really wanna do with you  
Is just high five, so high  
Whenever we emotional, whenever we smokin'  
I don't wanna come down  
I just wanna stay high with you

This is something that I never thought of I would love  
So lifted off this drum, so addicted to your touch  
Wish I could've did this with you a long time ago  
Reaching different levels of love while we smoke  
My mind, so gone, I'm blown so high  
I don't wanna touch the ground again  
Go to a place where nobody else is around

And when I flow, when I flow with you on a cloud  
There's no coming down, down, down  
So high, high five  
Whenever we pass the moon  
Baby, all I really wanna do with you  
Is just high five, so high  
Whenever we emotional, whenever we smokin'  
I wanna stay high with you

Ok, so high, highered up  
Addicted to my touch  
And this is prescribed  
So if this gets besides us  
It's ok, it's cool babe  
I swear to you, you straight  
And you may feel like  
You could feel life with touchÃ©  
New wave, new drug

Designer shit, and you love designer shit  
So the two of us is a match made twoz up  
Peace and tranquility, we got plans to intervene  
Like you was low, and now you high  
Now outside can hear you scream  
When you flow, you go  
Type of places that you know  
Of hearsay, like new hair day  
And arrest space and new hope  
To partake, and now you have  
Eyes shut, hired up and they run to you  
What drugs do but this drug truth  
Don't sound too bad, do it!  
Not at all  
It sound like what they sell was too good  
Not to be wrong  
It sound like what they sell was too good  
Not to be gone  
But really though,  
I swear it's too good  
Not to be yours  
Fo' real.
