Tonight, I'm gonna speak, my mind
Now, I need you just, come sit down
We gon' talk, put your phone on silent

Who was she, why, when?
How many times, tell me, was its worth it
All this trouble, that is causing
All of this pain, that I feel in my heart
And all of these thoughts and these tears in my heart
I never thought you'd do this to me
You supposed to be my lover, yeah
You and me, sure it ain't no longer
It ain't no us, it ain't no trust
It was all lie

I broke down, I broke down and cried
Broke down and cried, you made me break down and
cry
Broke down and cried
I know this one has done it
Cause I can't stop crying

Stop, ain't no way you can deny this
Ain't no way!
You ain't gonna never ever
Have me again
You ain't gonna never ever, never ever
Convince me to give in, no, no
Do you remember when you looked me
In my eyes, and lied

That's when I broke down and cried
Broke down and cried, you made me break down and
cry
Broke down and cried
I know this one has done it
Cause I can't stop crying

You know, I just, I just don't understand why you had to
lie
You know, me and you, we were supposed to be

forever
But now all I can think about or see in my head
Is you and her,
Yeah, you know, you know I wanna just be able to
forgive
But I know, I ain't gonna be able to deal with this one
Cause right now, right now,
All I can do is just cry

I said I cried, broke down and I cried, uh
I said I cried, broke down and cried, mmm,
Said I'll try, try, try to work it out
But I cry, cry, cry....
