And I thought you were the one  
I gotta get this off my chest

You were everything I had  
My celebrity, my personal autograph  
See I thought it couldn't get no better  
I thought you were like the perfect weather  
But somehow you became the perfect storm  
And you washed everything from me, oh  
I said, said you washed everything from me

Move on, move on, alone I cry,  
At home but I, move on, I move on  
[x2]

Everything about you was magic  
All of sudden it all turned tragic  
Thought it couldn't get not better  
You were like the perfect weather  
But somehow you became the perfect storm  
You see, washed everything away from me  
So I...

Move on, move on, alone I cry,  
At home but I, move on, I move on  
[x2]

I used to think that it wasn't you and it was me.  
But now I, now I see; it don't get any better, better than  
me  
What your world gonna be without me  
What your world gonna be without me in it

Move on, move on, alone I cry,  
At home but I, move on, I move on  
[x2]

I move on...  
Be strong, be strong...  
Move on...
