oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh
i remember our first days
when we swore we would never change
it was the whole damn world
versus me and you
that was when we were both best friends
just lay around on the sofa bed
and our time was always up too soon

"Bridge"

why did everything get old
look at you now your eyes are cold
don't you wanna make it right

"Chorus"

yeah look in good ahead and find
why don't we kiss and make up
and get on with our life
doesn't really matter who said it first
keep on acting likes this so we both get hurt
i just wanna try

oh oh oh oh oh oh oh oh
all the things we never said
and all the **** we both regret
i remember when i first saw you
it was the time we were both best friends
now all i do is i play your rent
and i can't help feeling like im used

"Bridge"

why did everything get old
look at you now your eyes are cold
don't you wanna make it right

"Chorus"

yeah look in good ahead and find
why don't we kiss and make up
and get on with our lifes
doesn't really matter who said it first
keep on acting likes this so we both get hurt
i just wanna try

go ahead and find
why dont we kiss and make up
and get on with our lifes
i dont give a **** who said it first
keep on acting like this so we both get hurt
all i want to do is try

"Chorus"

yeah look in good ahead and find
why don't we kiss and make up
and get on with our lifes
doesn't really matter who said it first
keep on acting like this so we both get hurt
i just wanna try

oh oh oh oh oh oh oh oh
