Uh, ah, yeah but alright!
Let me tell you my shit, though
Uh, fresh kicks for the summer, I had to
Lend me your chick with blond.. and tattoos
I'm that dude, class dudes you used to come up
Till I'm kinda like the half like top brother
But never mind, this time it ain't about that
Besides I'm tired of rappers talking about rap
I'm in my early twenties doing what I'm supposed to
Party will I know dudes...
Let my shoes old school, let my hat fit it
Let my hair... and I like my cars...
Like my rum chased and I love to chase women
I like them all tights as long as their authentic
I hate dudes and see my face, and they all did it
They see me in a party and they all just start sitting
Like I couldn't criticize you even if I could
Besides, you're really not that good!
So can I party now? Dance

Chorus:

I don't really wanna hear nothing now
I'm just trying to get a little bit faded
And my people hit it...
So shut up and... a little crazy
Yeah, red cup up!
Pass it to the left, we're the next top men
Yeah, red cup up!
Pass it to the left, we're the next top men
I'm faded!

I'm just a...
I'm just a nagger, all they're trying to be coaches
Some of the adolescence, I lost it
Tonight you're looking at a God damn monster
Hold you, kill a mob contractor
Understand, I do this and make sure that I do this
Cause I do it for the culture
Rest of them are vultures
Approach now, I assault you
Fuck I say wouldn't talk about rap

But back to that bullshit
Life's like the movement, but they already knew this
They don't understand how I'm always on some new
shit
I ain't even spinning games, but he did some cruel shit
Shit! See I got a lot of white friends
A couple Caribbean dudes and never seem to like them
Throw a lot of parties and we always try to fight them
Try to ... and we always wanna fight them
Yeah, we're like that, I ain't even about that
Always chilling in the... to find me where the couch at
Griming on ..red cup doubled up
Homie when the... pass me another one
Baby girl she blooded up, probably think I'm famous
Know it's kinda bad, couldn't tell you what her name is
She don't hit the... what the game is
Girl, what I really wanna say is

Chorus:

I don't really wanna hear nothing now
I'm just trying to get a little bit faded
And my people hit it...
So shut up and... a little crazy
Yeah, red cup up!
Pass it to the left, we're the next top men
Yeah, red cup up!
Pass it to the left, we're the next top men
I'm faded!
Yeah, red cup up!
Pass it to the left, we're the next top men
Yeah, red cup up!
Pass it to the left, we're the next top men
I'm faded!

Yeah, ladies and gentlemen it's just our time
Just gotta sit back, relax and enjoy the vibe
I go by the name of Kayo Guevarra
I hear it for the beautiful line and...
But I represent the... to the fullest!
Hey, rich... buddy really, hey!

Chorus:

I don't really wanna hear nothing now
I'm just trying to get a little bit faded
And my people hit it...
So shut up and... a little crazy
Yeah, red cup up!
Pass it to the left, we're the next top men
Yeah, red cup up!
Pass it to the left, we're the next top men
I'm faded!
