Wish I had of known
Baby you felt this way
Now I don't know what to do
Coz I'm still in love with you
And after all I hav done
Can you tell me what's goin on
I can't understand why you wanna treat me so cold
Guess I was a fool for loving you
Guess I was a fool for thinking
That you were loving me too
Should've knew
You were breaking my heart in two
I guess I was a fool for needing you
And I guess I was a fool for thinking that you needed
me too
Should've knew
'Bout the things you were taking me through
Feel like I'm losing my mind
Just a fool to think your love could be kind
My heart aches so, so hard to let you go
Standing here all alone
With no one to call my own
Girl look what you've done to me
Yeah you've hurt me
Got me living in misery
Guess I was a fool for loving you
Guess I was a fool for thinking you were loving me too
Should've knew
You were breaking my heart in two
And I guess I was a fool for needing you
I guess I was a fool for thinking you were needing me
too
Should've knew
'Bout the things you were taking me through
And girl my heart
Can't take this pain
And there's no way I can live this way
Feeling just like a fool
And girl You know you got me going insane
There's nothing left to say
Sorry it had to be this way
But yet still I feel

You weren't keeping it real
Girl why did you lie to me
Guess I was a fool for loving you
Guess I was a fool for thinking you were loving me too
Should've knew
You were breaking my heart in two
And I guess I was a fool for needing you
And I guess I was a fool for thinking you were needing
me too
Should've knew
'Bout the things you were taking me through
