I'll open this book and blow the dust  
Off these pages of desire and lust  
I'll search for a spell perfect for you  
'Cause I'm into get you enchanted with me... too

Oh oh ooooh  
Come see what I got for you  
All the others got me misunderstood  
Come with me, I'll make you feel so good  
Come with me, I'll make you feel so good  
Oh oh ooooh  
I need you to feel it too  
All the others got me misunderstood  
Come with me, I'll make you feel so good  
Come with me, I'll make you feel so good

Blood rose petals go into my room  
Storm in and slowly, around I go thinking of you  
And how sweet life will be when you are finally mine  
I'll wake and live life like I've longed for all this time

Oh oh ooooh  
Come see what I got for you  
All the others got me misunderstood  
Come with me, I'll make you feel so good  
Come with me, I'll make you feel so good  
Oh oh ooooh  
I need you to feel it too  
All the others got me misunderstood  
Come with me, I'll make you feel so good  
Come with me, I'll make you feel so good

Open up your eyes now  
Now your love belongs to me  
Open up your eyes now  
Now there's no escaping me  
[X2]

Oh oh ooooh  
Come see what I got for you  
All the others got me misunderstood

Come with me, I'll make you feel so good  
Come with me, I'll make you feel so good  
Oh oh ooooh  
I need you to feel it too  
All the others got me misunderstood  
Come with me, I'll make you feel so good  
Come with me, I'll make you feel so good
