You could be my silver spring
Blue green colors flashing
I would be your only dream
You're shining on an ocean crashing
And did you say she was pretty
And did you say that she loves you
But I don't want to know
I begin not to love you
Turn around, see me running
I say I loved you years ago
Tell myself you never loved me... no
And did you say she was pretty
And did you say that she loves you
Baby I don't want to know
And can you tell me was it worth it?
Really I don't want to know
Time casts its spell on you
But you won't forget me
I know I could have loved you
But you would not let me
Time casts its spell on you

But you won't forget me
I know I could have loved you
But you would not let me
I'll follow you down 'til the sound
Of my voice will haunt you
You'll never get away from the sound
Of the woman that loves you
I'll follow you down 'til the sound
Of my voice will haunt you
Was I just a fool?
You'll never get away from the sound
Of the woman that loves you
I'll follow you down 'til the sound
Of my voice will haunt you
Was I such a fool?
You'll never get away from the sound
Of the woman that loves you
Give me just a chance
You could be my silver spring
My blue green colors flashing
