Stevie Nicks)

Every night that goes between

I feel a little less

As you slowly go away from me

This is only another test

Every day you do not come

Your softness fades away

Did I ever really care that much

Is there anything left to say

Chorus

Every hour of fear I spend

My body tries to cry

Living through each empty night

A deadly call inside

I haven't felt this way I feel

Since many a year ago

But in those years and the lifetimes past

I did not deal with the road

And I did not deal with you I know

Tho the love has always been

So I search to find an answer there

So I can truly win

Chorus

So I try to say

Goodbye my friend

I'd like to leave you with something warm

But never have I been a blue calm sea

I have always been a storm

We were frail

She said

"Everynight he will break your heart"

I should have known from the first

I'd be the broken hearted

But I loved you from the start

Save us...

And not all the prayers in the world -- could save us
