Party don't stop
P-P-Party don't-don't stop-stop-stop
Party don't stop top-top-top don-don't party-party
Party don't stop-stop sto-top-top-top party-party
Party don't stop-stop sto-top-top-top party-party

Dance to the rhythm hit it 1 2 3 (wa-wa-wa-wa-wa 1 2 3)
Ichi ni san can you follow me (wa-wa-wa-wa-wa 1 2 3)
The stre-streets are waking, let the moon-moonlight in
Let's go strai-straight out clubbing, let the boom-booms
begin
(Let's go)

Ohayo gozaimasu to the machi no dust
Yami ni sasoidasu kimi wa kuru hazu
Tasogareru dusk to mezasu yo asu
Now kick it DJ DASK

Rock your body, rock your body
Can we do it non-stop?
Shake your booty, shake your booty
Till the morning drops.
Be my lover while the champagne pops!
Be my boogie, be my beauty
Till the party don't stop.

Yeah! The party don't stop yeah!
Rock your body, rock your body
Rock your body to the flow!
Rock your body, rock your body
Rock your body, rock the floor!

Shock to your body go electro (A ne-new ki-kid from
Tokyo)
Struck'em in the heart like a robotto (D-D-Domo arigato)
Now c-come on baby move it, rat-a-tat-tat-tat
Can you pu-put your hands together, cl-cl-clap-clap

Let's take it outer space, koete human race
Into another phase, nukedashite maze
Onshoku o taste, lick him like mayonnaise

DJ kick in the bass (All night long)

Rock your body, rock your body
Can we do it non-stop?
Shake your booty, shake your booty
Till the morning drops.
Be my lover while the champagne pops!
Be my boogie, be my beauty
Till the party don't stop.

Don't stop the party, party people don't stop
Don't stop the party, party people don't stop
Rock your body, rock your body
Rock your body to the flow!
Rock your body, rock your body
Rock your body, rock the floor! Let's go!

I don't know anything about you
But you are everything to me
You're mine until the morning drops
You're mine till the... party don't stop

Rock your body, rock your body
Can we do it non-stop?
Shake your booty, shake your booty
Till the morning drops.
Be my lover while the champagne pops!
Be my boogie, be my beauty
Till the party don't stop.

Rock your body, rock your body
Rock your body to the flow!
Rock your body, rock your body
Rock your body, rock the floor!
Rock your body, rock your body
Rock your body to the flow!
Rock your body, rock your body...
Don't stop the party-party
