Time to wake up  
Don't know what to wear  
Do my make-up  
Then I brush my hair  
Read the first scene  
As I paint my nails  
And suddenly my heart starts beating  
I think I need some air

Little frightening  
As the lights go down  
Almost showtime  
Curtains opening now  
Spotlight hits you  
I lose all my lines  
And once again my heart starts beating  
I think I need some air to start breathing

I'm getting butterflies  
I'm floating on a dream  
Now my world starts spinning  
My heart pounds  
So happy that I could cry  
When I look in your eyes  
Cause you keep giving me  
Keep giving me butterflies

Intermission  
Love scenes coming up  
I am shaking  
As the symphony erupts  
Will I make it  
Or will I fall apart  
And once again my heart starts beating  
I think I need some air to start breathing  
I'm getting butterflies  
I'm floating on a dream  
Now my world starts spinning  
My heart pounds  
So happy that I could cry  
When I look in your eyes  
Cause you keep giving me

Keep giving me butterflies

I'm feeling terrified  
No control  
And now my world is shaking  
The curtains close  
And it tingles and tickles inside of my ???

I'm getting butterflies  
I'm floating on a dream  
Now my world starts spinning  
My heart pounds  
So happy that I could cry  
When I look in your eyes  
Cause you keep giving me  
Keep giving me

I'm getting butterflies  
I'm floating on a dream  
Now my world starts spinning  
My heart pounds  
So happy that I could cry  
When I look in your eyes  
Cause you keep giving me, keep  
Cause you keep giving me  
Keep giving me butterflies
