Dancing in the United States of Japan
Dancing in the United States of Japan
Once again we dance, once again we dance, oh

So free, so free, get high on a ride in the sky
So free, so free, what can a sign like this mean
So free, dragons are fighting in me, so free
Yeah, what can a sign like this mean

I'm just a dream, JGGK

Living in danger, in a dream just waiting for a sign,
What does it mean,
Land full of wonder under a spell, gotta go gotta,
No time to tell,
What does future hold in the dragon's eye
Dancing alone in paradise
Paradise what does it mean it's just dream
