Its times like this when I start to
Wonder if it's going to be okay
Its times like this where I can't
Let things happen or just stay out of the way
Time is moving on but I feel like I'm standing still
(I wonder if I could move on if there was something to)
Fill this hole,
Its so deep its out of control

(Chorus)

I could move on now
Or I could stay the same
I don't want to play this never ending game
It would take me forever
I really want to be with you
But that's not something that I can do
There's nothing I hate more than change
But I'll never be happy
If I stay, yeah
I'll never be happy
If I stay

Maybe one of my biggest fears
Is knowing that you don't even care
If I stay or if I disappear
Baby ill never make a choice so sincere
It's empty on your side there's hope over hear
(yeah its empty on your side)

(Chorus)

I could move on now
Or I could stay the same
I don't want to play this never ending game
It would take me forever
I really want to be with you
But that's not something that I can do
There's nothing I hate more than change
But I'll never be happy
If I stay, yeah
I'll never be happy
If I stay

I could lay face down on the floor
For the rest of my life
I could see myself singing my dreams away
Every single night, or
I could take the chance of a lifetime
And step into the unknown
I could try and have faith in my feelings
And just let go

(Chorus)

I could move on now
Or I could stay the same
I don't want to play this never ending game
It would take me forever
I really want to be with you
But that's not something that I can do
There's nothing I hate more than change
But I'll never be happy
If I stay, yeah
I'll never be happy
If I stay
