As i know  
This feeling  
Won't be growing alone  
The pain cuts through my bone  
Hurts cuz I'm falling alone  
Alone  
This time  
Imma be the star in the sky  
I won't ever let you down  
Imma keep it real to shine  
To shine

Yo, I tried to maintan strong  
But the pain was cutting through  
You don't know how hard I tried to  
Hold on because of you  
These days im blaming myself for whatever  
trying to get out  
Open my eyes and see whatafuck  
My hustle is all about  
But I can't find a reason  
NO  
I'm just playing the game  
To pretend that I'm alright  
Just by saying my name  
My heart is broken  
Now  
Its been a couple years since it broke  
But now I'm standing  
Here  
Alone in the mess that I've cooked

As i know  
This feeling  
Won't be growing alone  
The pain cuts through my bone  
Hurts cuz I'm falling alone  
Alone  
This time  
Imma be the star in the sky  
I won't ever let you down

Imma keep it real to shine  
To shine

This time  
Will be the last time  
After this I'll change line  
Don't blame for  
The fucked up shit you got on your mind  
I don't care whatever they say  
I'm walking away  
Until the next day  
I'm gone  
I would never ever stay  
I'm writing my own book of rhymes  
So listen close to this lines  
It all matters for me  
Since it is the story of my life  
It all began as I youngster  
But years passed by pretty fast  
And now hustling around  
To make myself dirty cash  
As i know  
This feeling  
Won't be growing alone  
The pain cuts through my bone  
Hurts cuz I'm falling alone  
Alone  
This time  
Imma be the star in the sky  
I won't ever let you down  
Imma keep it real to shine  
To shine

This time  
Imma be the one  
Who's lauging last  
This time  
Imma be the one  
Who's race is fast  
And I know people is gonna try to take me down  
And I know haterz gonna try turn me round
